## SEAT IN A BUS - DAILY DEPARTURE NOVEMBER 2017

### 3 Days Kenya - Meru National Park

Depart after breakfast for a scenic drive northwards to the mountainous central highlands. Pass through plantations of coffee and pineapple and on a good day catch a clear view of Mt. Kenya, the second highest mountain in Africa. Circumnavigate the mountain at the base through the rice farmlands of Mwea and onto the Nyambene escarpment.

Brilliant on a magnificent scale, the Meru and Kora sister parks feature luxuriant jungle, coursing rivers, verdant swamp, khaki grasslands and gaunt termite cathedrals all under the sky's great blue bowl. Little visited and utterly unspoilt, few places are comparable to the remote and rugged atmosphere found here. Visitors can see Grevy's zebras, elephants, Bohor reedbucks, hartebeests, pythons, puff adders, cobras, buffalos and more than 427 recorded species of birds. Take your time to enjoy the wildness of Meru and the huge herds of roaming elephants within the ecosystem. Look for the endangered rhino within the small rhino sanctuary inside the park.

#### Inclusions:
